## **The Sharon DeGaspé Power & Gilbert Pommepuy** **Scholarship** **for a student entering a health related program**

### **Information**

Having been distributors of medical products, more specifically specializing in mechanical heart valves and seeing the increasing need of trained medical professionals, due to the fast growing elderly population, Sharon deGaspé Power and Gilbert Pommepuy, residents of Havelock, have decided to create this scholarship. They have been inspired to support the Chateaugay Valley Regional High School students by establishing this scholarship, through their many years of involvement with CVR Educational Foundation.

Each year, one scholarship of \$3,000 will be awarded to a student in the graduating class who is pursuing his/her post-secondary studies in a two-year pre-university science program with the aim of entering medicine, health science or veterinary medicine at the university level as well as those students entering a Registered Nursing program or a 3 year health related CEGEP career program. Students apply for the scholarship following the criteria and guidelines set out by the CVR Educational Foundation. Students must demonstrate their involvement in extra-curricular activities (volunteer work in the community) during grades 10 and 11 – with attestation of such. Applications are subjected to a blind review by 3 independent evaluators. Consult [cvredfoundation.com](http://cvredfoundation.com) to find out submission dates and deadline for this bursary.

The Scholarship is awarded at the graduation ceremonies at the end of the school year. The recipient receives 3000 \$ over 3 years (6 semesters) in equal installments (September and January of each year) provided she/he confirms full-time attendance at a post-secondary institution and **maintains an 80 % average each semester.**
